## **DETAILED ACTION**

### **Allowance**

1. **Claims 1-40** are allowed.
2. The following is an examiner's statement of reasons for allowance:

Regarding **claims 1, 10, 22, 28 and 35**, the prior art of record fails to suggest or disclose detecting a third trigger specific to the third telecommunications service in response to a third communication from the telecommunications device and routing the third communication to an operator services system in response to the detection of the third trigger. It is not obvious to modify Wheeler the detection of a third trigger for an operating services system described above because the peripheral platform of Wheeler automatically routes the call to multiple devices.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
